percy jackson sea of monsters pdf: The Staff of Serapis Rick Riordan, 2014-05-20 In this adventure, Annabeth encounters more oddities in the subway than usual, including a two-headed monster and a younger blond girl who reminds her a little of herself. This is the story fans have asked for, in which Annabeth Chase teams up with Sadie Kane. The demigod daughter of Athena and the young magician from Brooklyn House take on a larger-than-life foe from the ancient world. Perhaps even more disturbing than the power-hungry god they encounter is the revelation that he is being controlled by someone—someone all too familiar to Sadie. As a special bonus, the first chapter of THE BLOOD OF OLYMPUS, the final book in the Heroes of Olympus series, is included.

percy jackson sea of monsters pdf: *Camp Half-Blood Confidential (Percy Jackson and the Olympians)* Rick Riordan, 2017-05-04 A companion guide to THE TRIALS OF APOLLO series, set in the world of PERCY JACKSON. Camp Half-Blood FYI is the funny insider's guide to the demigod training camp in Long Island, narrated by none other than Percy Jackson himself, and other favourite characters will be heard from, too. In response to an awful camp orientation video created by the god Apollo, Percy Jackson and other residents of Camp Half-Blood answer such questions as What is this place? and Do I get to keep the T-shirt? Newbies can check out the section on the Divine Cabins, read up on Magical Landmarks, and consult the chapter of Training Arenas. But Camp Half-Blood Confidential explores much more than just the buildings and grounds. It includes info that can only be learned from those who live there. For instance, campers do not always co-exist in peace and harmony. The camp is not run with superior efficiency. Prophecies do not flow forth with great regularity. Sprinkled throughout are stories from heroes who have called Camp Half-Blood home or just passed through on their way to places unknown. Chiron himself introduces the book with a brief history of training based on his millennia of experience. And, of course, divine words of

wisdom from the god Apollo himself are included, because the demigod authors would prefer not to be struck down by him, thank you very much.

In a city that runs on magic, it takes a man with none to solve an impossible murder. In a world of elves and dwarves and sprites and mages, Tane Carver is a human with no gift but his wits. Which, to be fair, did get him into the world's most prestigious university of magical technology. For a while. Until his lack of magic was discovered. And then it all came crashing down. But when a student is murdered on campus behind unbreakable wards, Tane gets a second chance. Solving an impossible crime should be easy for the man who fooled the university's best mages for years. Except he's not counting on the head constable being an old flame who isn't so fond of him anymore. Or on Kadka, the half-crazy half-orc who insists she's his partner--whether he likes it or not. Not to mention the masked mage who keeps trying to kill him. Now, Tane's survival depends on the one truth that has never failed him. The flaw in all magic that those who have it prefer to ignore: the mage. Outsmart the mage, and you outsmart the spell. And outsmarting mages is what Tane does best.
