romantic kannada novels pdf: Reading the Romance Janice A. Radway, 2009-11-18 Originally published in 1984, *Reading the Romance* challenges popular (and often demeaning) myths about why romantic fiction, one of publishing's most lucrative categories, captivates millions of women readers. Among those who have disparaged romance reading are feminists, literary critics, and theorists of mass culture. They claim that romances enforce the woman reader's dependence on men and acceptance of the repressive ideology purveyed by popular culture. Radway questions such claims, arguing that critical attention must shift from the text itself, taken in isolation, to the complex social event of reading. She examines that event, from the complicated business of publishing and distribution to the individual reader's engagement with the text. Radway's provocative approach combines reader-response criticism with anthropology and feminist psychology. Asking readers themselves to explore their reading motives, habits, and rewards, she conducted interviews in a midwestern town with forty-two romance readers whom she met through Dorothy Evans, a chain bookstore employee who has earned a reputation as an expert on romantic fiction. Evans defends her customers' choice of entertainment; reading romances, she tells Radway, is no more harmful than watching sports on television. We read books so we won't cry is the poignant explanation one woman offers for her reading habit. Indeed, Radway found that while the women she studied devote themselves to nurturing their families, these wives and mothers receive insufficient devotion or nurturance in return. In romances the women find not only escape from the demanding and often tiresome routines of their lives but also a hero who supplies the tenderness and admiring attention that they have learned not to expect. The heroines admired by Radway's group defy the expected stereotypes; they are strong, independent, and intelligent. That such characters often find themselves to be victims of male aggression and almost always resign themselves to accepting conventional roles in life has less to do, Radway argues, with the women readers' fantasies and choices than with their need to deal with a fear of masculine dominance. These romance readers resent not only the limited choices in their own lives but the patronizing attitude that men especially express toward their reading tastes. In fact, women read romances both to protest and to escape temporarily the narrowly defined role prescribed for them by a patriarchal culture. Paradoxically, the books that they read make conventional roles for women seem desirable. It is this complex relationship between culture, text, and woman reader that Radway urges feminists to address. Romance readers, she argues, should be encouraged to deliver their protests in the arena of actual social relations rather than to act them out in the solitude of the imagination. In a

new introduction, Janice Radway places the book within the context of current scholarship and offers both an explanation and critique of the study's limitations.

romantic kannada novels pdf: Democracy and Education John Dewey, 1916 . Renewal of Life by Transmission. The most notable distinction between living and inanimate things is that the former maintain themselves by renewal. A stone when struck resists. If its resistance is greater than the force of the blow struck, it remains outwardly unchanged. Otherwise, it is shattered into smaller bits. Never does the stone attempt to react in such a way that it may maintain itself against the blow, much less so as to render the blow a contributing factor to its own continued action. While the living thing may easily be crushed by superior force, it none the less tries to turn the energies which act upon it into means of its own further existence. If it cannot do so, it does not just split into smaller pieces (at least in the higher forms of life), but loses its identity as a living thing. As long as it endures, it struggles to use surrounding energies in its own behalf. It uses light, air, moisture, and the material of soil. To say that it uses them is to say that it turns them into means of its own conservation. As long as it is growing, the energy it expends in thus turning the environment to account is more than compensated for by the return it gets: it grows. Understanding the word control in this sense, it may be said that a living being is one that subjugates and controls for its own continued activity the energies that would otherwise use it up. Life is a self-renewing process through action upon the environment.

romantic kannada novels pdf: Born Translated Rebecca L. Walkowitz, 2015-08-04 As a growing number of contemporary novelists write for publication in multiple languages, the genre's form and aims are shifting. Born-translated novels include passages that appear to be written in different tongues, narrators who speak to foreign audiences, and other visual and formal techniques that treat translation as a medium rather than as an afterthought. These strategies challenge the global dominance of English, complicate native readership, and protect creative works against misinterpretation as they circulate. They have also given rise to a new form of writing that confounds traditional models of literary history and political community. Born Translated builds a much-needed framework for understanding translation's effect on fictional works, as well as digital art, avant-garde magazines, literary anthologies, and visual media. Artists and novelists discussed include J. M. Coetzee, Junot Díaz, Jonathan Safran Foer, Mohsin Hamid, Kazuo Ishiguro, Jamaica Kincaid, Ben Lerner, China Miéville, David Mitchell, Walter Mosley, Caryl Phillips, Adam Thirlwell, Amy Waldman, and Young-hae Chang Heavy Industries. The book understands that contemporary literature begins at once in many places, engaging in a new type of social embeddedness and political solidarity. It recasts literary history as a series of convergences and departures and, by elevating the status of born-translated works, redefines common conceptions of author, reader, and nation.

romantic kannada novels pdf: India Unbound Gurcharan Das, 2002-04-09 India today is a vibrant free-market democracy, a nation well on its way to overcoming decades of widespread poverty. The nation's rise is one of the great international stories of the late twentieth century, and in India Unbound the acclaimed columnist Gurcharan Das offers a sweeping economic history of India from independence to the new millennium. As the former CEO of Procter & Gamble India, Das offers a unique insider's perspective and he deftly interweaves memoir with history, creating a book that is at once vigorously analytical and vividly written. Impassioned, erudite, and eminently readable, India Unbound is a must for anyone interested in the global economy and its future.

romantic kannada novels pdf: Kubla Khan Samuel Coleridge, 2015-12-15 Though left uncompleted, “Kubla Khan” is one of the most famous examples of Romantic era poetry. In it, Samuel Coleridge provides a stunning and detailed example of the power of the poet’s imagination through his whimsical description of Xanadu, the capital city of Kublai Khan’s empire. Samuel Coleridge penned “Kubla Khan” after waking up from an opium-induced dream in which he experienced and imagined the realities of the great Mongol ruler’s capital city. Coleridge began writing what he remembered of his dream immediately upon waking from it, and intended to write two to three hundred lines. However, Coleridge was interrupted soon after and, his memory of the dream dimming, was ultimately unable to complete the poem. romantic kannada novels pdf: How Should One Read a Book? Virginia Woolf, 2021-11-24 First delivered as a speech to schoolgirls in Kent in 1926, this enchanting short essay by the towering Modernist writer Virginia Woolf celebrates the importance of the written word. With a measured but ardent tone, Woolf weaves together thought and quote, verse and prose into a moving tract on the power literature can have over its reader, in a way which still resounds with truth today. I have sometimes dreamt, at least, that when the Day of Judgement dawns and the great conquerors and lawyers and statesmen come to receive their rewards – their crowns, their laurels, their names carved indelibly upon imperishable marble – the Almighty will turn to Peter and will say, not without a certain envy when he sees us coming with our books under our arms, “Look, these need no reward. We have nothing to give them here. They have loved reading.”
