radio golf pdf: Cultural Protest in Journalism, Documentary Films and the Arts Daniel H. Mutibwa, 2019-02-13 Cultural Protest in Journalism, Documentary Films and the Arts: Between Protest and Professionalisation entails a comprehensive account of the history and trajectory of contemporary journalistic, (documentary) film, and arts and cultural actors rooted (partially or wholly) in radical, alternative, community, voluntary, participatory and independent movements primarily in Britain and Germany. It does so to reveal the obscure nature of media and cultural production and organisation at seventeen media and cultural actors based in Britain and Germany, including South Africa and Nigeria. radio golf pdf: The Cambridge Companion to August Wilson Christopher Bigsby, 2007-11-29 One of America's most powerful and original dramatists, August Wilson offered an alternative history of the twentieth century, as seen from the perspective of black Americans. He celebrated the lives of those seemingly pushed to the margins of national life, but who were simultaneously protagonists of their own drama and evidence of a vital and compelling community. Decade by decade, he told the story of a people with a distinctive history who forged their own future, aware of their roots in another time and place, but doing something more than just survive. Wilson deliberately addressed black America, but in doing so discovered an international audience. Alongside chapters addressing Wilson's life and career, and the wider context of his plays, this Companion dedicates individual chapters to each play in his ten-play cycle, which are ordered chronologically, demonstrating Wilson's notion of an unfolding history of the twentieth century.

radio golf pdf: Two Trains Running August Wilson, 2019-08-06 From the Pulitzer Prize-winning author of *Fences* and *The Piano Lesson* comes a "vivid and uplifting" (Time) play about unsung men and women who are anything but ordinary. August Wilson established himself as one of our most distinguished playwrights with his insightful, probing, and evocative portraits of Black America and the African American experience in the twentieth century. With the mesmerizing *Two Trains Running*, he crafted what Time magazine called "his most mature work to date." It is Pittsburgh, 1969, and the regulars of Memphis Lee's restaurant are struggling to cope with the turbulence of a world that is changing rapidly around them and fighting back when they can. The diner is scheduled to be torn down, a casualty of the city's renovation project that is sweeping away the buildings of a community, but not its spirit. For just as sure as an inexorable future looms right around the corner, these people of "loud voices and big hearts" continue to search, to father, to persevere, to hope. With compassion, humor, and a superb sense of place and time, Wilson paints a vivid portrait of everyday lives in the shadow of great events.

radio golf pdf: *The Circle* Dave Eggers, 2013-10-08 INTERNATIONAL BESTSELLER • A bestselling dystopian novel that tackles surveillance, privacy and the frightening intrusions of technology in our lives—a “compulsively readable parable for the 21st century” (Vanity Fair). When Mae Holland is hired to work for the Circle, the world's most powerful internet company, she feels she's been given the opportunity of a lifetime. The Circle, run out of a sprawling California campus, links users' personal emails, social media, banking, and purchasing with their universal operating system, resulting in one online identity and a new age of civility and transparency. As Mae tours the open-plan office spaces, the towering glass dining facilities, the cozy dorms for those who spend nights at work, she is thrilled with the company's modernity and activity. There are parties that last through the night, there are famous musicians playing on the lawn, there are athletic activities and clubs and brunches, and even an aquarium of rare fish retrieved from the Marianas Trench by the CEO. Mae can't believe her luck, her great fortune to work for the most influential company in the world—even as life beyond the campus grows distant, even as a strange encounter with a colleague leaves her shaken, even as her role at the Circle becomes increasingly public. What begins as the captivating story of one woman's ambition and idealism soon becomes a heart-racing novel of suspense, raising questions about memory, history, privacy, democracy, and the limits of human knowledge.
