to selena with love pdf: *Selenidad* Deborah Paredez, 2009-08-12 An outpouring of memorial tributes and public expressions of grief followed the death of the Tejana recording artist Selena Quintanilla Pérez in 1995. The Latina superstar was remembered and mourned in documentaries, magazines, websites, monuments, biographies, murals, look-alike contests, musicals, drag shows, and more. Deborah Paredez explores the significance and broader meanings of this posthumous celebration of Selena, which she labels "Selenidad." She considers the performer's career and emergence as an icon within the political and cultural transformations in the United States during the 1990s, a decade that witnessed a "Latin explosion" in culture and commerce alongside a resurgence of anti-immigrant discourse and policy. Paredez argues that Selena's death galvanized Latina/o efforts to publicly mourn collective tragedies (such as the murders of young women along the U.S.-Mexico border) and to envision a brighter future. At the same time, reactions to the star's death catalyzed political jockeying for the Latino vote and corporate attempts to corner the Latino market. Foregrounding the role of performance in the politics of remembering, Paredez unravels the cultural, political, and economic dynamics at work in specific commemorations of Selena. She analyzes Selena's final concert, the controversy surrounding the memorial erected in the star's hometown of Corpus Christi, and the political climate that served as the backdrop to the touring musicals *Selena Forever* and *Selena: A Musical Celebration of Life*. Paredez considers what "becoming" Selena meant to the young Latinas who auditioned for the biopic *Selena*, released in 1997, and she surveys a range of Latina/o queer engagements with Selena, including Latina lesbian readings of the star's death scene and queer Selena drag. *Selenidad* is a provocative exploration of how commemorations of Selena reflected and changed Latinidad.

to selena with love pdf: A Woman First: First Woman Selina Meyer, 2019-03-19 A hilarious parody memoir for the beloved Veep character portrayed for seven seasons by Emmy-winner Julia Louis-Dreyfus. Born and raised deep in the American heartland of God-fearing suburban Maryland, young Selina Eaton learned to love her country and her fellow man from her parents, Catherine, a sportswoman, dog lover, and philanthropist, and Gordon, or “Daddy” as she always called him, a businessman and entrepreneur. From an early age, Selina, an active, curious, happy-go-lucky child, showed an uncanny ability to relate to others and to solve their real-world problems with real-world solutions. In this she was inspired by her idol: feminist, humanitarian, stateswoman, and first lady, Eleanor Roosevelt. Eleanor Roosevelt maintained a lively relationship with many prominent figures of her time, including Adlai Stevenson, John F. Kennedy, Albert Schweitzer, and probably Pablo Casals. She inspired countless women to break out of the established roles for women in society, among them the pioneering aviatrix Amelia Earhart, with whom she flew several times. Dubbed the “Queen of the Air,” Amelia Earhart captivated the nation both with her bravery, skill, and daring when flying her planes and when challenging society’s hidebound attitudes as to what constituted a proper place for women. America mourned when she disappeared mysteriously somewhere in the Pacific during an attempted around-the-world flight in 1937. Speculation continues to this day as to Amelia’s ultimate fate, even as hope has faded that she may yet be found alive. With wit, wisdom, eloquence, and fearless honesty, Selina Meyer reveals for the first time what really goes on in the halls of power, including the ultimate hall, the White House. It’s all here: the triumphs, the tragedies, the personalities, and the momentous events that have shaped our times, brought together in a page-turning tale told as only Selina Meyer could tell it. Selina Meyer’s compassion, her sense of humor, her grace, and her uncommon willingness to bare her heart make this story revelatory, beautifully rendered, and unlike any other president’s memoir ever written. First Woman: A Woman First would be a fitting title for a book about Selina Meyer, Eleanor Roosevelt, or Amelia Earhart, but in this case, it is about Selina Meyer.

to selena with love pdf: Forgiveness Chiquis Rivera, 2015-04-07 “I wrote this book not to dismiss a rumor but to share something much more important: my journey to forgiveness.” Chiquis Rivera is a singer and the daughter of the late music superstar Jenni Rivera. In *Forgiveness*, her memoir, Chiquis bravely reveals the abuse she suffered at the hands of her father during her childhood and the difficulties she’s faced in her personal life as a result. Despite growing up marked by the wounds of abuse, she eventually conquered her fear of love and intimacy. The story within these pages also recounts what caused the distance between her and her mother toward the end of Jenni’s life. In *Forgiveness*, Chiquis brings to light truths that she wishes she had been able to reveal to Jenni. Two years after her mother’s death, Chiquis answers the most difficult questions: Was she able to make peace with Jenni? And in this story of triumph and tragedy, who is most in need of forgiveness?

to selena with love pdf: Unbreakable Jenni Rivera, 2013-07-02 The story behind Telemundo's Jenni Rivera: *Mariposa del Barrio* series, now streaming. A New York Times bestseller, this is the official biography from the beloved Mexican-American singer who lost her life in a tragic plane crash. The only autobiography authorized by Jenni Rivera I can't get caught up in the negative because that destroys you. Perhaps trying to move away from my problems and focus on the positive is the best I can do. I am a woman like any other, and ugly things happen to me like any other woman. The number of times I have fallen down is the number of times I have gotten up. These are the last words that beloved Mexican American singer Jenni Rivera spoke publicly before boarding the plane that would crash and cut her life short on December 9, 2012. However, they are not the final words that La Diva de la Banda had for the world. Those are found in the pages you hold in your hands, Jenni's own account of the highs and lows of her extraordinary journey. She became the most acclaimed Spanish-language singer in the United States and sold more than 15 million records worldwide. A single mother of five and grandmother of two, she was also an actress, a television producer, the star of her own reality show, and an entrepreneur. But for all its immense success, Jenni's life often seemed to be a series of personal battles in which perseverance was her only weapon. As her fame grew, she made it her mission to speak about her struggles, forging an intimate connection with her fans. She became a figure of strength and a source of encouragement to women of all ages. In *Unbreakable*, Jenni recounts the crucial moments in her past, revealing her experiences with domestic and sexual abuse, divorce, body image issues, making her way in a male-dominated industry, raising her children as a single mother, and learning that she could depend only on herself. Though she is no longer with us, Jenni will always be the Rivera rebel from Long Beach, the girl who maintained her sense of humor and fighting spirit in every circumstance. In this remarkable memoir, Jenni leaves behind a legacy of inspiration and determination that will forever live on through her precious family, friends, and fans.

Tyree Guyton loved his childhood home--that's where his grandpa Sam taught him to paint the world. So he wanted to wake people up... to make them see Detroit's crumbling communities. Paintbrush in hand, Tyree cast his artistic spell, transforming everyday junk into magic trash. Soon local kids and families joined Tyree in rebuilding their neighborhood, discovering the healing power of art along the way. This picture book biography of Tyree Guyton, an urban environmental artist, shows how he transformed his decaying, crime-ridden neighborhood into the Heidelberg Project, an interactive sculpture park. The story spans from Tyree's childhood in 1950s Detroit to his early efforts to heal his community through art in the 1980s. Tyree's awards include Michigan Artist of the Year and International Artist. *MAGIC TRASH* offers strong themes of working together, the power of art, and the importance of inspiring community--especially kids--to affect action. Born Rosita Dolores Alverio in the idyll of Puerto Rico, Moreno, at age five, embarked on a harrowing sea voyage with her mother and wound up in the harsh barrios of the Bronx, where she discovered dancing, singing, and acting as ways to escape a tumultuous childhood. Making her Broadway debut by age thirteen—and moving on to Hollywood in its Golden Age just a few years later—she worked alongside such stars as Gary Cooper, Yul Brynner, and Ann Miller. When discovered by Louis B. Mayer of MGM, the wizard

himself declared: "She looks like a Spanish Elizabeth Taylor." Cast by Gene Kelly as Zelda Zanders in *Singin' in the Rain* and then on to her Oscar-winning performance in *West Side Story*, she catapulted to fame—yet found herself repeatedly typecast as the "utility ethnic," a role she found almost impossible to elude. Here, for the first time, Rita reflects on her struggles to break through Hollywood's racial and sexual barriers. She explores the wounded little girl behind the glamorous façade—and what it took to find her place in the world. She talks candidly about her relationship with Elvis Presley, her encounters with Howard Hughes, and the passionate romance with Marlon Brando that nearly killed her. And she shares the illusiveness of a "perfect" marriage and the incomparable joys of motherhood. Infused with Rita Moreno's quick wit and deep insight, this memoir is the dazzling portrait of a stage and screen star who longed to become who she really is—and triumphed.

to selena with love pdf: A General Theory of Love Thomas Lewis, Fari Amini, Richard Lannon, 2007-12-18 This original and lucid account of the complexities of love and its essential role in human well-being draws on the latest scientific research. Three eminent psychiatrists tackle the difficult task of reconciling what artists and thinkers have known for thousands of years about the human heart with what has only recently been learned about the primitive functions of the human brain. *A General Theory of Love* demonstrates that our nervous systems are not self-contained: from earliest childhood, our brains actually link with those of the people close to us, in a silent rhythm that alters the very structure of our brains, establishes life-long emotional patterns, and makes us, in large part, who we are. Explaining how relationships function, how parents shape their child's developing self, how psychotherapy really works, and how our society dangerously flouts essential emotional laws, this is a work of rare passion and eloquence that will forever change the way you think about human intimacy.

The result is children who have no standard of right and wrong, who lack discipline, and who look to their peers and the Internet for direction. Sax shows how parents must reassert their authority - by limiting time with screens, by encouraging better habits at the dinner table, and by teaching humility and perspective - to renew their relationships with their children. Drawing on nearly thirty years of experience as a family physician and psychologist, along with hundreds of interviews with children, parents, and teachers, Sax offers a blueprint parents can use to help their children thrive in an increasingly complicated world.

to selena with love pdf: Portersville Daryl Haskew, 2022-12-31 A flicker of lightning behind a thunderhead then a deep rumble marked the approach of a storm. Selena squeezed the hand of her handsome Greek husband. Together they peered across the vastness of the Gulf of Mexico while digging their toes into the cool sand. A weathered lighthouse offshore split the darkness, casting its light across the treacherous waters. They braced themselves against the wind gusts and pelting rain. Between lightning strikes, they watched the squall line draw nearer. A dark tendril reached skyward attaching itself to the cloud above. The waterspout danced along the outer sandbars then crashed ashore ripping and tearing before dissipating among the pines and sand dunes. Only twelve miles to the north, hotels glowed like jewels scattered along the shoreline. Bandstands blasted out music across the bay as vacationers danced under the stars and giant oaks. Children carrying torches and nets squealed and laughed while chasing crabs in the shallow grass beds. Lovers whispered as they walked along the banks of the bay. Old people sat in the glow of lantern light on their porches reminiscing of times gone by, legends of pirates, fast schooners, floating spirits, and the lost art of voodoo. Lightning on the southern horizon gave warning that the evening was about to change. Cy and Selena fled Greece to avoid a personal storm and protect their families. They knew that this same storm could cross the ocean and track them to Portersville. Dripping wet and chilled, they vowed never to run again.
