Simmons, 2015-11-06 Includes more than 40 maps, plans and illustrations. This volume in the official History of the Marine Corps chronicles the part played by United States Marines in the Chosin Reservoir Campaign. The race to the Yalu was on. General of the Army Douglas MacArthur's strategic triumph at Inchon and the subsequent breakout of the U.S. Eighth Army from the Pusan Perimeter and the recapture of Seoul had changed the direction of the war. Only the finishing touches needed to be done to complete the destruction of

the North Korean People's Army. Moving up the east coast was the independent X Corps, commanded by Major General Edward M. Almond, USA. The 1st Marine Division, under Major General Oliver P. Smith, was part of X Corps and had been so since the 15 September 1950 landing at Inchon. After Seoul the 1st Marine Division had reloaded into its amphibious ships and had swung around the Korean peninsula to land at Wonsan on the east coast. The landing on 26 October 1950 met no opposition; the port had been taken from the land side by the resurgent South Korean army. The date was General Smith's 57th birthday, but he let it pass unnoticed. Two days later he ordered Colonel Homer L. Litzenberg, Jr., 47, to move his 7th Marine Regimental Combat Team north from Wonsan to Hamhung. Smith was then to prepare for an advance to the Manchurian border, 135 miles distant. And so began one of the Marine Corps' greatest battles—or, as the Corps would call it, the "Chosin Reservoir Campaign." The Marines called it the "Chosin" Reservoir because that is what their Japanese-based maps called it. The South Koreans, nationalistic sensibilities disturbed, preferred—and, indeed, would come to insist—that it be called the "Changjin" Reservoir.

army birthday cake cutting ceremony script: Al Capone Does My Shirts Gennifer Choldenko, 2006-04-20 The Newbery Honor Book and New York Times Bestseller that is historical fiction with a hint of mystery about living at Alcatraz not as a prisoner, but as a kid meeting some of the most famous criminals in our history. Al Capone Does My Shirts has become an instant classic for all kids to read! Today I moved to Alcatraz, a twelve-acre rock covered with cement, topped with bird turd and surrounded by water. I'm not the only kid who lives here. There are twenty-three other kids who live on the island because their dads work as guards or cooks or doctors or electricians for the prison, like my dad does. And then there are a ton of murderers, rapists, hit men, con men, stickup men, embezzlers, connivers, burglars, kidnappers and maybe even an innocent man or two, though I doubt it. The convicts we have are the kind other prisons don't want. I never knew prisons could be picky, but I guess they can. You get to Alcatraz by being the worst of the worst. Unless you're me. I came here because my mother said I had to. army birthday cake cutting ceremony script: *The War on Freedom* Nafeez Mosaddeq Ahmed, 2002 With its double-edged title, *The War on Freedom* traces the 9/11 plot back years before the Bush administration. The recipe for such an outrage appeared thinly veiled in a 1997 study by Zbigniew Brzezinski, who proclaimed the imperative to occupy Central Asia - although there was no way to mobilize political support, except in the circumstance of a truly massive and widely perceived direct external threat. Done on 911! From there, the plot thickens to the consistency of cement. FBI agents knew in advance all key details of the WTC bombing. The idea of using planes as bombs was first hatched by the CIA itself in 1993. Intriguing business connections between the bin Laden and Bush families. Al-Qaeda was completely infiltrated by Western intelligence, the CIA itself supplied the encryption for bin Laden's communications. Amazing arrangements were made to allow the hijackers to attend flight schools and even terrorist training at CIA facilities in the U.S. An excess of treachery.

army birthday cake cutting ceremony script: U.S. Marines In Vietnam: The Advisory And

Combat Assistance Era, 1954-1964 Capt. Robert H. Whitlow, 2016-08-09 This is the first of a series of chronological histories prepared by the Marine Corps History and Museums Division to cover the entire span of Marine Corps involvement in the Vietnam conflict. This particular volume covers a relatively obscure chapter in U.S. Marine Corps history—the activities of Marines in Vietnam between 1954 and 1964. The narrative traces the evolution of those activities from a one-man advisory operation at the conclusion of the French-Indochina War in 1954 to the advisory and combat support activities of some 700 Marines at the end of 1964. As the introductory volume for the series this account has an important secondary objective: to establish a geographical, political, and military foundation upon which the subsequent histories can be developed.

army birthday cake cutting ceremony script: India In Slow Motion Mark Tully, 2017-11-22 Mark Tully is incomparable. No foreign commentator has a greater understanding of the passions, the contradictions, the charms and the resilience that constitute India. In *India in Slow Motion*, Tully and his colleague Gillian Wright delve further than ever before into this nation of over one billion people, attempting to unravel a culture that, famously, has always resisted unravelling. *India in Slow Motion* is the account of a journey that for Tully and Wright has no true beginning or end. Covering a diverse range of subjects—from Hindu extremism to child labour, Sufi mysticism to the crisis in agriculture, the persistence of political corruption to the problem of Kashmir—this book challenges the preconceptions others have about India, as well as those India has about itself. India is often depicted as a victim of forces too wild to be controlled—of post-colonial malaise, of religious strife, of the caste system, of a corrupt bureaucratic machine. *India in Slow Motion* refutes this, probing into the heart of the Indian experience and arguing that change is possible and that solutions do exist. In the process it brings the country and its people brilliantly alive.

army birthday cake cutting ceremony script: *I Know Why the Caged Bird Sings* Maya Angelou, 2010-07-21 Here is a book as joyous and painful, as mysterious and memorable, as childhood itself. *I Know Why the Caged Bird Sings* captures the longing of lonely children, the brute insult of bigotry, and the wonder of words that can make the world right. Maya Angelou's debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and her brother, Bailey, endure the ache of abandonment and the prejudice of the local "powhitetrash." At eight years old and back at her mother's side in St. Louis, Maya is attacked by a man many times her age—and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors ("I met and fell in love with William Shakespeare") will allow her to be free instead of imprisoned. Poetic and powerful, *I Know Why the Caged Bird Sings* will touch hearts and change minds for as long as people read. "*I Know Why the Caged Bird Sings* liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity."—James Baldwin From the Paperback edition.

army birthday cake cutting ceremony script: *The Other Wes Moore* Wes Moore, 2011-01-11 NEW YORK TIMES BESTSELLER • From the governor of Maryland, the "compassionate" (People), "startling" (Baltimore Sun), "moving" (Chicago Tribune) true story of two kids with the same name: One went on to be a Rhodes Scholar, decorated combat veteran, White House Fellow, and business leader. The other is serving a life sentence in prison. The chilling truth is that his story could have been mine. The tragedy is that my story could have been his. In December 2000, the Baltimore Sun ran a small piece about Wes Moore, a local student who had just received a Rhodes Scholarship. The same paper also ran a series of articles about four young men who had allegedly killed a police officer in a spectacularly botched armed robbery. The police were still hunting for two of the suspects who had gone on the lam, a pair of brothers. One was named Wes Moore. Wes just couldn't shake off the unsettling coincidence, or the inkling that the two shared much more than space in the same newspaper. After following the story of the robbery, the manhunt, and the trial to its conclusion, he wrote a letter to the other Wes, now a convicted murderer serving a life sentence without the possibility of parole. His letter tentatively asked the questions that had been haunting him: Who are you? How did this happen? That letter led to a correspondence and relationship that have lasted for several years. Over dozens of letters and prison visits, Wes discovered that the other Wes had had a life not unlike his own: Both had had difficult childhoods, both were fatherless; they'd hung out on similar corners with similar crews, and both had run into trouble with the police. At each stage of their young lives they had come across similar moments of decision, yet their choices would lead them to astonishingly different destinies. Told in alternating dramatic narratives that take readers from heart-wrenching losses to moments of surprising redemption, *The Other Wes Moore* tells the story of a generation of boys trying to find their way in a hostile world.

(Concepción de León, New York Times) Alvarez's new novel, *The Cemetery of Untold Stories*, is coming April 2, 2024. Pre-order now! It is November 25, 1960, and three beautiful sisters have been found near their wrecked Jeep at the bottom of a 150-foot cliff on the north coast of the Dominican Republic. The official state newspaper reports their deaths as accidental. It does not mention that a fourth sister lives. Nor does it explain that the sisters were among the leading opponents of Gen. Rafael Leónidas Trujillo's dictatorship. It doesn't have to. Everybody knows of Las Mariposas—the Butterflies. In this extraordinary novel, the voices of all four sisters—Minerva, Patria, María Teresa, and the survivor, Dedé—speak across the decades to tell their own stories, from secret crushes to gunrunning, and to describe the everyday horrors of life under Trujillo's rule. Through the art and magic of Julia Alvarez's imagination, the martyred Butterflies live again in this novel of courage and love, and the human costs of political oppression. Alvarez helped blaze the trail for Latina authors to break into the literary mainstream, with novels like *In the Time of the Butterflies* and *How the García Girls Lost Their Accents* winning praise from critics and

gracing best-seller lists across the Americas.—Francisco Cantú, The New York Times Book Review This Julia Alvarez classic is a must-read for anyone of Latinx descent. —Popsugar.com A gorgeous and sensitive novel . . . Gombrich's Little History of the World, though written in 1935, has become one of the treasures of historical writing since its first publication in English in 2005. The Yale edition alone has now sold over half a million copies, and the book is available worldwide in almost thirty languages. Gombrich was of course the best-known art historian of his time, and his text suggests illustrations on every page. This illustrated edition of the Little History brings together the pellucid humanity of his narrative with the images that may well have been in his mind's eye as he wrote the book. The two hundred illustrations—most of them in full color—are not simple embellishments, though they are beautiful. They emerge from the text, enrich the author's intention, and deepen the pleasure of reading this remarkable work. For this edition the text is reset in a spacious format, flowing around illustrations that range from paintings to line drawings, emblems, motifs, and symbols. The book incorporates freshly drawn maps, a revised preface, and a new index. Blending high-grade design, fine paper, and classic binding, this is both a sumptuous gift book and an enhanced edition of a timeless account of human history.

army birthday cake cutting ceremony script: Japanese Death Poems , 1998-04-15 A wonderful introduction the Japanese tradition of jisei, this volume is crammed with exquisite, spontaneous verse and pithy, often hilarious, descriptions of the eccentric and committed monastics who wrote the poems. --Tricycle: The Buddhist Review Although the consciousness of death is, in most cultures, very much a part of life, this is perhaps nowhere more true than in Japan, where the approach of death has given rise to a centuries-old tradition of writing jisei, or the death poem. Such a poem is often written in the very last moments of the poet's life. Hundreds of Japanese death poems, many with a commentary describing the circumstances of the poet's death, have been translated into English here, the vast majority of them for the first time. Yoel Hoffmann explores the attitudes and customs surrounding death in historical and present-day Japan and gives examples of how these have been reflected in the nation's literature in general. The development of writing jisei is then examined--from the longing poems of the early nobility and the more masculine verses of the samurai to the satirical death poems of later centuries. Zen Buddhist ideas about death are also described as a preface to the collection of Chinese death poems by Zen monks that are also included. Finally, the last section contains three hundred twenty haiku, some of which have never been assembled before, in English translation and romanized in Japanese.

army birthday cake cutting ceremony script: Crazy Like Us Ethan Watters, 2010-01-12 "A blistering and truly original work of reporting and analysis, uncovering America's role in homogenizing how the world defines wellness and healing" (Po Bronson). In *Crazy Like Us*, Ethan Watters reveals that the most devastating consequence of the spread of American culture has not been our golden arches or our bomb craters but our bulldozing of the human psyche itself: We are in the process of homogenizing the way the world goes mad. It is well known that American culture is a dominant force at home and abroad; our exportation of everything from movies to junk food is a well-documented phenomenon. But is it possible America's most troubling impact on the globalizing world has yet to be accounted for? American-style depression, post-traumatic stress disorder, and anorexia have begun to spread around the world like contagions, and the virus is us. Traveling from Hong Kong to Sri Lanka to Zanzibar to Japan, acclaimed journalist Ethan Watters witnesses firsthand how Western healers often steamroll indigenous expressions of mental health and madness and replace them with our own. In teaching the rest of the world to think like us, we have been homogenizing the way the world goes mad.

army birthday cake cutting ceremony script: U.S. Marines in Afghanistan, 2001-2009 U S Marine Corps History Division, 2017-02-05 This volume presents a collection of 38 articles, interviews, and speeches describing many aspects of the U.S. Marine Corps' participation in Operation Enduring Freedom from 2001 to 2009. This work is intended to serve as a general overview and provisional reference to inform both Marines and the general public until the History Division completes monographs dealing with major Marine Corps operations during the campaign. The accompanying annotated bibliography provides a detailed look at selected sources that currently exist until new scholarship and archival materials become available. From the Preface - From the outset, some experts doubted that the U.S. Marines Corps would play a major role in

Afghanistan given the landlocked nature of the battlefield. Naval expeditionary Task Force 58 (TF-58) commanded by then-Brigadier General James N. Mattis silenced naysayers with the farthest ranging amphibious assault in Marine Corps/Navy history. In late November 2001, Mattis' force seized what became Forward Operating Base Rhino, Afghanistan, from naval shipping some 400 miles away. The historic assault not only blazed a path for follow-on forces, it also cut off fleeing al-Qaeda and Taliban elements and aided in the seizure of Kandahar. While Corps doctrine and culture advocates Marine employment as a fully integrated Marine air-ground task force (MAGTF), deployments to Afghanistan often reflected what former Commandant General Charles C. Krulak coined as the three-block war. Following TF-58's deployment during the initial take down of the Taliban regime, the MAGTF made few appearances in Afghanistan until 2008. Before then, subsequent Marine units often deployed as a single battalion under the command of the U.S. Army Combined Joint Task Force (CJTF) to provide security for provincial reconstruction teams. The Marine Corps also provided embedded training teams to train and mentor the fledgling Afghan National Army and Police. Aviation assets sporadically deployed to support the U.S.-led coalition mostly to conduct a specific mission or to bridge a gap in capability, such as close air support or electronic warfare to counter the improvised explosive device threat. From 2003 to late 2007, the national preoccupation with stabilizing Iraq focused most Marine Corps assets on stemming the insurgency, largely centered in the restive al-Anbar Province. As a result of the North Atlantic Treaty Organization (NATO) taking over command of Afghan operations and Marine Corps' commitments in Iraq, relatively few Marine units operated in Afghanistan from late 2006 to 2007. Although Marines first advocated shifting resources from al-Anbar to southern Afghanistan in early 2007, the George W. Bush administration delayed the Marine proposal for fear of losing the gains made as a result of Army General David H. Petraeus' surge strategy in Iraq. By late 2007, the situation in Afghanistan had deteriorated to the point that it inspired Rolling Stone to later publish the story *How We Lost the War We Won*. In recognition of the shifting tides in both Iraq and Afghanistan, the Bush administration began to transfer additional resources to Afghanistan in early 2008. The shift prompted senior Marines to again push for a more prominent role in the Afghan campaign, even proposing to take over the Afghan mission from the Army. . . .

army birthday cake cutting ceremony script: The Poisonwood Bible Barbara Kingsolver, 2009-10-13 New York Times Bestseller • Finalist for the Pulitzer Prize • An Oprah's Book Club Selection "Powerful . . . [Kingsolver] has with infinitely steady hands worked the prickly threads of religion, politics, race, sin and redemption into a thing of terrible beauty." —Los Angeles Times Book Review The *Poisonwood Bible*, now celebrating its 25th anniversary, established Barbara Kingsolver as one of the most thoughtful and daring of modern writers. Taking its place alongside the classic works of postcolonial literature, it is a suspenseful epic of one family's tragic undoing and remarkable reconstruction over the course of three decades in Africa. The story is told by the wife and four daughters of Nathan Price, a fierce, evangelical Baptist who takes his family and mission to the Belgian Congo in 1959. They carry with them everything they believe they will need from home, but soon find that all of it—from garden seeds to Scripture—is calamitously transformed on African soil. The novel is set against one of the most dramatic political chronicles of the twentieth century: the Congo's fight for independence from Belgium, the murder of its first elected prime minister, the CIA coup to install his replacement, and the insidious progress of a world economic order that robs the fledgling African nation of its autonomy. Against this backdrop, Orleanna Price reconstructs the story of her evangelist husband's part in the Western assault on Africa, a tale indelibly darkened by her own losses and unanswerable questions about her own culpability. Also narrating the story, by turns, are her four daughters—the teenaged Rachel; adolescent twins Leah and Adah; and Ruth May, a prescient five-year-old. These sharply observant girls, who arrive in the Congo with racial preconceptions forged in 1950s Georgia, will be marked in surprisingly different ways by their father's intractable mission, and by Africa itself. Ultimately each must strike her own separate path to salvation. Their passionately intertwined stories become a compelling exploration of moral risk and personal responsibility.

army birthday cake cutting ceremony script: The Color Purple Alice Walker, 2023-08-01 The inspiration for the new film adaptation of the Tony-winning Broadway musical Alice Walker's iconic modern classic, and winner of the Pulitzer Prize and the National Book Award A powerful cultural touchstone of modern literature, *The Color Purple* depicts the lives of African American women in early twentieth-century rural Georgia. Separated as girls, sisters Celie and Nettie sustain their loyalty to and hope in each other across time, distance, and silence. Through a series of letters spanning twenty years, first from Celie to God, then the sisters to each other despite the unknown, the novel draws readers into its rich and memorable portrayals of Celie, Nettie, Shug Avery and Sofia and their experience. *The Color Purple* broke the silence around domestic and sexual abuse, narrating the lives of women through their pain and struggle, companionship and growth, resilience and bravery. Deeply compassionate and beautifully imagined, Alice Walker's epic carries readers on a spirit-affirming journey toward redemption and love.
