Schooling is teacher-directed, not child-led, but school time should be short enough to allow students free time to play and to pursue their own worthy interests such as handicrafts. Traditional Charlotte Mason schooling is firmly based on Christianity, although the method is also used successfully by s

canterbury tales character chart: *Critiquing Capitalism Today* Frederick Harry Pitts, 2018-08-24 This book critically introduces two compelling contemporary schools of Marxian thought: the New Reading of Marx of Michael Heinrich and Werner Bonefeld, and the postoperaismo of Antonio Negri. Each stake novel claims on Marx's value theory, the first revisiting key categories of the critique of political economy through Frankfurt School critical theory, the second calling the law of value into crisis with reference to Marx's rediscovered 'Fragment on Machines'. Today, 'postcapitalist' conceptualisations of a changing workplace excite interest in postoperaist projections of a crisis of measurability sparked by so-called immaterial labour. Using the New Reading of Marx to question this prospectus, Critiquing Capitalism Today clarifies complex debates for newcomers to these cutting-edge currents of critical thought, looking anew at value, money, labour, class and crisis.

canterbury tales character chart: *Young Adult and Canonical Literature* Paula Greathouse, Victor Malo-Juvera, 2021-03-15 In the last decade alone, the world has changed in seismic ways as marriage equality has been ruled on by the supreme court, social justice issues such as #metoo and BlackLivesMatter have arisen, and issues of immigration and deportation have come to the forefront of politics across the globe. Thus, there is a need for an updated text that shares strategies for combining canonical and young adult literature that reflects the changes society has - and continues to - experience. The purpose of our collection is to offer secondary (6-12) teachers engaging ideas and approaches for pairing young adult and canonical novels to provide unique examinations of topics that teaching either text in isolation could not afford. Our collection does not center canonical texts and most chapters show how both texts complement each other rather than the young adult text being only an extension of the canonical. Within each volume, the chapters are organized

chronologically according to the publication date of the canonical text. The pairings offered in this collection allow for comparisons in some cases, for extensions in others, and for critique in all. Volume 2 covers The Canterbury Tales (1392) through Fallen Angels (1988).
