bkdrluhar com: *The Cycle of Time* Simone Boger, 2014-07-12 We know that nature operates in cycles. It is not only our daily lives that are moved by cycles of light and darkness, by seasons moved by the rotation of the Earth or civilizations that rise and fall. On a larger scale, our story is eternal and recurring, as the soul travels through an ongoing cycle of births and rebirths. Life is an interplay between the Supreme, human souls and the energies of matter.

bkdrluhar com: *Happiness Unlimited* Sister Shivani, Suresh Oberoi, 2019-05 In these enlightening and eye-opening conversations, the renowned spiritual mentor, Sister BK Shivani reveals how to create a life of joy, contentment and bliss, because we all have the choice and the power to do so. According to her, the reason why there is so little happiness in the world is dependency. Happiness is not dependent on 'anything' or 'anyone', or found 'anywhere'. We keep delaying our happiness until things are just right in our life. We think we will be happy in the future and then wonder why we are not happy now. Happiness is only possible when we are able to accept everyone as they are, at every moment, in every situation. This book is a medium for the awakening and acceptance of self-responsibility. Helping us choose our thoughts and feelings aligned with our true nature of purity, peace and love. To make us shift from asking to sharing; from holding on to letting go; from expectations to acceptance; from the past and the future to being in the now. Happiness is a 'decision', not a 'consequence'.

bkdrluhar com: *Moral Values, Attitudes and Moods* BK Jagdish Chander, 2021-04-23 OUR universe consists of two different aspects: the physical or material and the spiritual or metaphysical. Had man been only physical or material entity, he would not have felt concerned with the moral or spiritual values. In that case, he would have behaved like a machine. We find that almost all types of man's actions - whether they are political, social, economic, filial, conjugal, ritualistic - are adjudged by the society from the moral point of view also. The Watergate Scandal, which led to the exit of President Nixon from the White House and to the launching of prosecution against his top aides, is an historical illustration, the memory of which is still fresh in the minds of the people all over the world. It clearly shows that even if a person has reached the apex of political and executive machinery by means of an unprecedented popular vote and is strongly set in the highest echelons of power and is granted by conventions or the political constitution of his country, certain privileges, prerogatives and immunities, the society looks at his actions from the moral point of view also.

bkdrluhar com: *A Handy Book of Meditations* Robert Forbes, 2001-12-01

bkdrluhar com: *Noise and Environment* Daniela Siano, Alice Elizabeth Gonzalez, 2021-02-03 Noise pollution is one of the factors that affect the quality of life of the general population, especially in urban areas, where the noise levels are often high due to the presence of numerous sources, such as transport infrastructures, activities production and commercial areas, entertainment venues and other sound sources which, although temporary, such as construction sites and outdoor music events, affect general noise levels. Even if noise is one of the oldest pollutants referred to in history, for years, the problem of noise pollution has been often considered less important than others related to the environment, such as air pollution, water pollution, and waste management. The regulations in force to contain the noise have become increasingly stringent as each individual is constantly exposed to noise and often the noise is treated just as a scourge of modern society. Making noise is becoming easier and cheaper each day, but just the opposite for controlling it. Deeper studies are needed to understand the core of current noise problems; new materials and techniques are needed to control them. This book is a combination of theory and practice based on

the latest research. The studies in this book range from evaluation methods for the perception of noise and outline forecast criteria that can be integrated with applications for acoustic mapping as well as the use of innovative techniques and materials for its abatement. The main purpose of this book, organized in 8 chapters, is to provide an overview of the recent studies in this field and the applications in different research studies. The authors, contributing to the success of this book, provide a series of practical applications of their recent studies aimed at the reduction of noise in different environments. The editors would like to thank all the authors who, through their studies and research, have accepted our invitation to share recent discoveries in this field with the scientific community.

bkdrluhar com: *How to Think* Brahma Kumari Pari, 2019-06-24 This "How to Think" book provides a clear, concise and meaningful explanation on the Murlis which are messages spoken by God (Supreme Soul) in the Brahma Kumaris. This book generally guides on how you (the soul) should churn the knowledge of the Supreme Soul and imbibe it. This will bring a positive change in your life since it reveals deep mysteries of life and provides a way to adopt a divine character; you will be able to use divine virtues and values while facing any kind of situation in your life. The contents of this book will help you to put seeds in your mind that bring you into a pure angelic stage. Through using the thinking process suggested in this book, you (the soul) become like a pure shining diamond which has been studded in gold to reveal its brilliance and value. The present is the most valuable time in the entire world drama cycle. May this book guide you towards the highest and real purpose of human life. This "How to Think" book was edited and developed further by the other members of the "Shiv Baba Service Initiative", a team which is dedicated in doing Godly service. The BK who manages the "Shiv Baba Service Initiative" team, BK Google search engine (<https://www.bkgoogle.com>) and the official Brahma Kumaris website (<https://www.brahma-kumaris.com>) had asked Brahma Kumari Pari to write this book since God (Shiv Baba) has said that this book should be written. So Brahma Kumari Pari wrote this book.

bkdrluhar com: *365 Days of Wisdom* Dadi Janki, 2011-09-30 This day book is a resource that will enrich your life every day of the year. It offers 365 short but profound spiritual thoughts, one to inspire each day of the year. The quotations of the day have been gathered from people who have devoted their lives to the spiritual path and specially chosen to provoke thought and encourage inner development. But they are far from esoteric or difficult to understand. The quotations address the issues we all struggle with daily: stress and negativity, how we organize our lives and make the best decisions, the joys and difficulties of connecting with others and the nature of love. Organized as one day per page, each day's thought is followed by a short contemplation, practice or project, with space to write your own thoughts and chart your inner journey through the year. The beauty of wisdom is that it is timeless and simple; there is no calendar element to the book and so you can start using it at any point in the year. Whether you need to cool the mind or warm the heart, let this inspired collection of wisdom and insight be your guide through the year.

bkdrluhar com: *Values for a Better World* BK Jagdish Chander, 1995-02-27 Every sane

person on earth would like the present-day world-conditions to improve substantially because, looking at the total picture of the world, one finds that there are thousand times more thorns and thistles than roses or raspberries. Leaders, in many fields, have tried, in many ways, to enhance the quality of life but the hopes and aspirations of a vast majority of the humankind have been belied. Various kinds of remedies have been applied or tried but, of late, it has become almost the united voice of all that Moral, Social and Human Values are the ultimate and the much-needed remedy.

bkdrluhar com: Vivekacudamani, the Crest Jewel of Discernment Sankara, 2012-07 What is Advaita Vedanta? What means or instruments does it utilize in its attempt to comprehend Reality? What is the nature of its aim? If we begin by answering these questions, we will be ready to follow with the right intelligence the message given by the great SANKARA in Vivekacudamani. The path which is outlined here is not for the majority, quite the contrary. It is for those who, having attained maturity, tend towards full Awakening. It is for those who want to bring about a profound revolution within themselves; and this requires an act of courage, of steadfastness and, at the same time, of great humility. Advaita Vedanta is for those who, tired of a long pilgrimage, have finally stopped and in the silence of their own hearts have decided to launch a powerful attack on that terrible and treacherous enemy who lives not outside of us but right within us, and thus realize full liberation from all psycho-physical conflict and bondage. As darkness and its effects vanish when the sun rises, so, when realization of non-dual beatitude dawns, do bondage and suffering vanish without a trace (Vivekacudamani, sutra 319) SANKARA has been one of the greatest philosophers of India. He dedicated his brief and intense life (788-820) to re-establish the authority of the ruti, to codify the Advaita Vedanta, the doctrine of Non-duality, and to anchor the Metaphysical Tradition of the Veda through the foundation of monasteries (maṭha) and monastic orders. With his bhasya (commentary) to the Upanisad, the Brahmasutra, and the Bhagavadgita, and with his own writings, Sankara has profoundly influenced not only India's philosophical development, but that of the entire world. RAPHAEL is author and Master in the Western Metaphysical Tradition as well as the Vedanta. For over 35 years, he has written a series of books on the pathway of Non-duality (Advaita). He has

translated directly from the original Sanskrit and Edited a number of key Vedanta texts. His entire work is a conscious reunification of both Western and Eastern Traditions into Unity of Tradition.

bkdrluhar com: *Hinduism for Our Times* Arvind Sharma, 1996 No religion ever remains static: it affects and is in turn affected by material reality. In this book, Sharma examines the contours of this creative tension in contemporary Hinduism. Sharma attempts to raise self-awareness of this dimension of Hinduism to an unprecedented level. In this way, he hopes, that in the context of modernization and globalization, Hindus will be able to make conscious choices that will keep their religion at the cutting edge of the contemporary world instead of the periphery.

bkdrluhar com: *Creative Power of Silence* Swami Paramananda, 2018-12-01 Silence, the great unseen power, the miracle of life, works upon our character with strange contrast. Prior to spiritual studies, the idea of complete silence is strongly advocated by many. In practicing the silence, it is found to unfold our higher nature. The silence allows concentration. With the intrusion of noise, the mind cannot be receptive. Contrary to some belief, the silence is not to free the mind to allow emptiness. It means co-ordination of body and mind. It reduces friction and becomes a definite factor for our concentrated thought. The silence is essential for all forms of study. "A silent being is a very restful being. All wise people realize the deeper part of our nature can only be expressed effectively when our outer being is still."

bkdrluhar com: *Vedic Cosmography and Astronomy* Richard L. Thompson, 2004 The mysteries of the fifth Canto of the Srimad Bhagavatam have long puzzled students of Vedic cosmography and astronomy. Confronted with a description of the universe that seems much at variance with the information provided by our senses and standard astronomical calculations, foreign observers and even Indian commentators from the middle ages up to the present have concluded that the Bhagavatam's account elaborated in other Puranas must be mythological. On the other hand the same persons have been much impressed with vedic astronomical treatises the jyotisaśāstras which provide remarkably accurate measurements of the solar system.

bkdrluhar com: *Human Development Report 2000* United Nations Development Programme, 2000 The eleventh edition in the series, the Human Development Report 2000: Human Development and Human Rights provides a thought provoking analysis of these two interrelated and intertwined issues. Human rights and human development are mutually reinforcing and culminate in enlarged human freedom. The Report traces the history of struggle for human rights as a common human experience and outlines the new frontier of the rights agenda for the 21st Century. HDR 2000 demonstrates the ways in which human rights enrich human development goals: adding moral force and ideas of claims, duties and obligations. Human development, in turn, brings a dynamic long-term perspective to human rights and adds more concrete analysis, quantification, and must consider the human rights impacts of policy choices. The Report analyses how human rights must be respected, protected and promoted in the development process. To that end, it addresses the accountability of governments to fulfill their duties, and provides a timely analysis of the duties and obligations of newer actors in the fields of human rights and human development such as corporations, NGOs, individuals, the international community and markets. Of particular importance is consideration of how the current global economic rules and institutions address human rights issues. The Report proposes strategies for promoting development that also protect and further human rights, with significant implications for a pro-human rights approach to development. HDR 2000 includes and updates the widely respected Human Development Indicators that compare the relative levels of human development in most countries of the world, and presents data tables on all

aspects of human development.

bkdrluhar com: *The Book of Chakras* Ambika Wauters, 2002 Understanding chakras is an effective first step in harnessing every human being's hidden life-changing energies and employing inner powers for spiritual and physical healing. The word chakra originated with the Vedic teachings of ancient India. It comes from the Sanskrit word for wheel of light, and denotes the energy centers that exist in every man and woman. The Book of Chakras explores the nature of these energy sources, explains where they dwell in each of us, and instructs on how to use them. The author identifies seven energy centers in the human body. The Root Chakra, located in the lower torso, anchors us in life. From that point on the rising ladder of love and healing, we become aware of the Sacral Chakra, the Solar Plexus Chakra, the Heart Chakra, the Throat Chakra, the Brow or Third Eye Chakra, and the Crown Chakra. The last, the Crown Chakra, located in the head, is the most refined and spiritual center in the human energy system. Chakra teachings describe seven bodies that make up every person's aura. They are the Physical, Etheric, Astral, Mental, Divine, Spiritual, and Soul bodies. Chakra teachings say that each of these bodies vibrates in ways that are allied to the colors of the universe. However, only one of these bodies, the Physical, is visible. When we understand these bodies in detail, we become able to correct chakra imbalances and harness our powers for peaceful and productive living. The author advises on ways of restoring balances, healing through the power of thought, and employing colors, sounds, crystals, acupuncture, and other

means. More than 300 color illustrations.

bkdrluhar com: *Flute Of Vrindavan* Ashok K Banker, 2011-12-05 The notorious stealer of dahi, the naughty god-child, the Preserver himself, wields the flute to make evil dance to his tunes Infant Krishna and his half-brother Balarama are the most mischievous children in all of Gokuldham, getting up to all sorts of pranks, raiding neighbours dahi handis and letting the calves run free. But disciplining God Incarnate is no easy task. It slowly dawns on Mother Yashoda that the babe she is trying to protect is in fact the protector of the entire world! As little Krishna survives one horrific asura attack after the other, she comes to terms with the true identity of her adopted son. Meanwhile, Kamsa deals with his frustration at not being able to kill the Slayer by building his own powers and skill to superhuman proportions, mastering a deadly war game and becoming a champion wrestler. With Jarasandha's aid, Kamsa despatches a team of otherworldly assassins to slay the Slayer. Harried by Kamsa's forces, Krishna's adoptive father, the peace-loving Nanda Maharaja, is forced to lead his people into exile. They find safe haven in idyllic Vrindavan. But even in this paradise, deadly demons lurk ... Book 3 of the Krishna Coriolis series brings alive the childhood of the Preserver in his enchanting Krishna avatar, fraught with peril, but also drenched in the love of his parents and neighbours.

bkdrluhar com: *The Mandala Astrological Tarot* A. T. Mann, 2009 There are many tarot sets on the market?but not one like this! The first thing you'll notice about this unique book-and-card set is the deck's square shape, which allows each card to be positioned facing not just two, but all four cardinal points of the compass: this provides readings of great depth and accuracy. Then, the original design eliminates the conventional human figures of the tarot, replacing them with mandala images that aid meditation. What's more, the 22 major arcane signs are divided into three groups corresponding to the signs of the zodiac, the elements, and the planets. This spiritually aware approach to the tarot provides a remarkable new set of tools for understanding the forces that shape our lives.
