**dalail ul khairat english pdf: The Sufi Paradigm and the Makings of a Vernacular Knowledge in Colonial India** Michel Boivin, 2020-06-01 This book demonstrates how a local elite built upon colonial knowledge to produce a vernacular knowledge that maintained the older legacy of a pluralistic Sufism. As the British reprinted a Sufi work, Shah Abd al-Latif Bhittai's *Shah jo risalo*, in an effort to teach British officers Sindhi, the local intelligentsia, particularly driven by a Hindu caste of professional scribes (the Amils), seized on the moment to promote a transformation from traditional and popular Sufism (the *tasawuf*) to a Sufi culture (Sufiyani *saqafat*). Using modern tools, such as the printing press, and borrowing European vocabulary and ideology, such as Theosophical Society, the intelligentsia used Sufism as an idiomatic matrix that functioned to incorporate difference and a multitude of devotional traditions—Sufi, non-Sufi, and non-Muslim—into a complex, metaphysical spirituality that transcended the nation-state and filled the intellectual, spiritual, and emotional voids of postmodernity.

**dalail ul khairat english pdf: Living Knowledge in West African Islam** Zachary Valentine Wright, 2015-02-04 *Living Knowledge in West African Islam* examines the actualization of religious identity in the community of Ibrāhīm Niasse (d.1975, Senegal). With millions of followers throughout Africa and the world, the community arguably represents one of the twentieth century's most successful Islamic revivals. Niasse's followers, members of the Tijāniyya Sufi order, gave particular attention to the widespread transmission of the experiential knowledge (ma'rifa) of God. They also worked to articulate a global Islamic identity in the crucible of African decolonization. The central argument of this book is that West African Sufism is legible only with an appreciation of centuries of Islamic knowledge specialization in the region. Sufi masters and disciples reenacted and deepened preexisting teacher-student relationships surrounding the learning of core Islamic disciplines, such as the Qur'ān and jurisprudence. Learning Islam meant the transformative inscription of sacred knowledge in the student's very being, a disposition acquired in the master's exemplary physical presence. Sufism did not undermine traditional Islamic orthodoxy: the continued transmission of Sufi knowledge has in fact preserved and revived traditional Islamic learning in West Africa.

This compilation is unique in that each form of prayer highlights the connection between the Messenger ﷺ and the Names and Qualities of Allah ﷻ. In addition, each form includes a unique supplication for the one reciting it. The reciter of these prayers thus finds himself engaging in the remembrance of Allah ﷻ by calling Him through His Most Sublime Names, and asking Him to send prayers and increase the honour and rank of the Messenger ﷺ. By doing this, he obtains the virtues and reward of sending prayers upon the Prophet, and also supplicates to Allah, asking Him such amazing things that we are generally unable to think of when asking of Him.
