As Henry looks on, the owner opens a Japanese parasol. This simple act takes old Henry Lee back to the 1940s, at the height of the war, when young Henry's world is a jumble of confusion and excitement, and to his father, who is obsessed with the war in

China and having Henry grow up American. While “scholarshipping” at the exclusive Rainier Elementary, where the white kids ignore him, Henry meets Keiko Okabe, a young Japanese American student. And after Keiko and her family are swept up in the evacuations to the internment camps, she and Henry are left only with the hope that the war will end, and that their promise to each other will be kept. Forty years later, Henry Lee is certain that the parasol belonged to Keiko. In the hotel’s dark dusty basement he begins looking for signs of the Okabe family’s belongings and for a long-lost object whose value he cannot begin to measure. Now a widower, Henry is still trying to find his voice—words that might explain the actions of his nationalistic father; words that might bridge the gap between him and his modern, Chinese American son; words that might help him confront the choices he made many years ago. Set during one of the most conflicted and volatile times in American history, *Hotel on the Corner of Bitter and Sweet* is an extraordinary story of commitment and enduring hope. In *Henry and Keiko*, Jamie Ford has created an unforgettable duo whose story teaches us of the power of forgiveness and the human heart. **BONUS:** This edition contains a *Hotel on the Corner of Bitter and Sweet* discussion guide and an excerpt from Jamie Ford's *Love and Other Consolation Prizes*.

farewell to manzanar pdf: Nature Behind Barbed Wire Connie Y. Chiang, 2018-08-02 The mass imprisonment of over 110,000 people of Japanese ancestry during World War II was one of the most egregious violations of civil liberties in United States history. Removed from their homes on the temperate Pacific Coast, Japanese Americans spent the war years in desolate camps in the nation's interior. Photographers including Ansel Adams and Dorothea Lange visually captured these camps in images that depicted the environment as a source of both hope and hardship. And yet the literature

on incarceration has most often focused on the legal and citizenship statuses of the incarcerated, their political struggles with the US government, and their oral testimony. *Nature Behind Barbed Wire* shifts the focus to the environment. It explores how the landscape shaped the experiences of both Japanese Americans and federal officials who worked for the War Relocation Authority (WRA), the civilian agency that administered the camps. The complexities of the natural world both enhanced and constrained the WRA's power and provided Japanese Americans with opportunities to redefine the terms and conditions of their confinement. Even as the environment compounded their feelings of despair and outrage, the incarcerated also found that their agency in transforming and adapting to the natural world could help them survive and contest their incarceration. Japanese Americans and WRA officials negotiated the terms of confinement with each other and with a dynamic natural world. Ultimately, as Connie Chiang demonstrates, the Japanese American incarceration was fundamentally an environmental story.

farewell to manzanar pdf: Dancing with Butterflies Reyna Grande, 2009-10-06 In *Dancing with Butterflies*, Reyna Grande renders the Mexican immigrant experience in "lyrical and sensual" (Publishers Weekly, starred review) prose through the poignant stories of four women brought together through folklorico dance. *Dancing with Butterflies* uses the alternating voices of four very different women whose lives interconnect through a common passion for their Mexican heritage and a dance company called *Alegría*. Yesenia, who founded *Alegría* with her husband, Eduardo, sabotages her own efforts to remain a vital, vibrant woman when she travels back and forth across the Mexican border for cheap plastic surgery. Elena, grief-stricken by the death of her only child and the end of her marriage, finds herself falling dangerously in love with one of her underage students. Elena's sister, Adriana, wears the wounds of abandonment by a dysfunctional family and becomes unable to discern love from abuse. Soledad, the sweet-tempered illegal immigrant who designs costumes for *Alegría*, finds herself stuck back in Mexico, where she returns to see her dying grandmother. Reyna Grande has brought these fictional characters so convincingly to life that readers will imagine they know them.

farewell to manzanar pdf: Filmmakers' Choices John Gibbs, 2006 Designed for the launch of the Close-Up series, *Filmmakers' Choices* explores different areas of decision-making within film production, focusing on each in the analysis of a film. The discussion of *Talk to Her* (Pedro Almodóvar, 2002) examines the detailed construction of point of view; the account of *Lured* (Douglas Sirk, 1947) is simultaneously a reflection on narrative construction and a look at the creative possibilities of coincidence. The *Pop Song in Film* offers a series of detailed interpretations of moments in films where the pop song adopts a decisive storytelling role. The study focuses on both on-screen musical performances and the use of the song as a kind of musical voiceover. It features close commentary on examples ranging from the Frank Sinatra star-vehicle musical *Young at Heart* (1954) to the opening of Quentin Tarantino's *Jackie Brown* (1997). *Reading Buffy* looks at Joss Whedon's acclaimed television series, *Buffy the Vampire Slayer*, through a close-reading approach more usually applied to films. The series is seen not just to create a richly detailed and satisfying fictional world, but to be an abundant source of complex meanings. Several aspects of *Buffy* are examined: its visual intelligence, the playful sophistication of its narrative strategies and the interest the series takes in its relationship with its many fans.
