Understanding Edgar Cayce's Teachings on Reincarnation

Edgar Cayce's perspective on reincarnation is one of the most comprehensive among early 20th-century mystics. His psychic readings often revealed detailed accounts of individuals' past lives, emphasizing that the soul undergoes multiple incarnations to achieve spiritual growth and resolution of karmic debts. According to Cayce, reincarnation serves as a mechanism for learning, healing, and ultimately reaching higher states of consciousness. These past-life experiences are not random but purposefully connected to the soul's current challenges and lessons. The concept of reincarnation in Edgar Cayce reincarnation and karma pdf documents is typically presented as a cyclical process where the soul returns in varying forms and circumstances to evolve morally and spiritually.

The Purpose of Reincarnation

Cayce's readings highlight that reincarnation exists to allow the soul to resolve unfinished business, correct past mistakes, and develop virtues such as love, patience, and forgiveness. The soul's journey through multiple lifetimes is geared toward self-realization

and alignment with divine will. Reincarnation also explains the presence of innate talents, fears, and relationships in the current life as carryovers from previous incarnations.

Evidence from Cayce's Past-Life Readings

Many Edgar Cayce reincarnation and karma pdf compilations include transcripts of his trance readings where he described specific past lives of subjects. These readings often involved historical contexts and intricate details that later could be corroborated by historical records, lending credibility to his reincarnation teachings. The detailed nature of these accounts serves as a cornerstone for understanding reincarnation through Cayce's lens.

The Concept of Karma in Edgar Cayce's Readings

Karma, a fundamental principle in many Eastern philosophies, is intricately explained in Edgar Cayce's body of work. He taught that karma is the law of cause and effect governing moral actions and their consequences across lifetimes. In the context of Edgar Cayce reincarnation and karma pdf materials, karma is portrayed as a balancing force that ensures justice and spiritual accountability. Actions performed in one life influence circumstances in future lives, creating opportunities for correction and growth.

Karmic Lessons and Soul Progression

According to Cayce, karma is not punitive but educative. Souls accumulate experiences and lessons that must be integrated to progress spiritually. Negative actions generate challenges that act as catalysts for change, while positive deeds promote harmony and advancement. This karmic cycle motivates individuals to make conscious choices aligned with higher spiritual principles.

Karma and Free Will

Cayce emphasized that while karma influences life circumstances, it does not eliminate free will. Individuals have the power to make decisions that can either perpetuate karmic patterns or transcend them. This dynamic interplay between destiny and choice is a significant theme in Edgar Cayce reincarnation and karma pdf studies, highlighting personal responsibility in spiritual evolution.

The Relationship Between Reincarnation and Karma

Reincarnation and karma are interdependent concepts within Edgar Cayce's teachings, forming the foundation for understanding the soul's journey. Reincarnation provides the framework for multiple lifetimes, while karma governs the moral and spiritual

consequences that carry over between these lives. Together, they explain why individuals face specific challenges, relationships, and opportunities throughout their existence.

Karmic Cycles Across Lifetimes

Cayce's readings illustrate that karmic debts and lessons are not confined to a single life but span several incarnations. The soul's growth involves resolving these karmic imbalances through successive experiences. This cyclical process ensures that spiritual development is gradual and comprehensive, addressing all facets of the individual's character and actions.

Healing and Transformation Through Reincarnation and Karma

Edgar Cayce reincarnation and karma pdf documents often discuss how understanding these principles can facilitate healing and transformation. By recognizing the origin of present problems in past-life karma, individuals can work consciously to break negative cycles. This awareness promotes forgiveness, self-acceptance, and proactive spiritual work, leading to greater peace and fulfillment.

Practical Applications of Cayce's Insights

The teachings of Edgar Cayce on reincarnation and karma offer practical guidance for personal growth and spiritual practice. Integrating these insights can help individuals make sense of life's challenges and cultivate a purposeful existence. Many people use Edgar Cayce reincarnation and karma pdf resources to explore their own past lives and karmic patterns for deeper self-understanding.

Methods for Exploring Past Lives

Cayce recommended various approaches to uncover past-life information, including meditation, hypnosis, and intuitive reflection. These methods enable individuals to access subconscious memories related to previous incarnations, revealing karmic influences on current life circumstances.

Applying Karma Principles in Daily Life

Understanding karma encourages ethical behavior and mindful decision-making. Individuals are guided to act with compassion, integrity, and awareness of the long-term spiritual consequences of their actions. This practical application aligns with Cayce's vision of spiritual evolution as an ongoing, conscious process.

List of Practical Benefits from Applying Cayce's Teachings

Edgar Cayce, Reincarnation, and Karma: Unraveling the Mysteries of Past Lives and Spiritual Growth

Introduction: Edgar Cayce, the renowned "Sleeping Prophet," left behind a vast archive of psychic readings that continue to fascinate and inspire individuals interested in spirituality, metaphysics, and personal growth. Among his most compelling insights are his perspectives on reincarnation and karma, offering a profound framework for understanding life's challenges and opportunities. This exploration delves into Cayce's unique understanding of these concepts, providing practical applications and integrating his wisdom with modern spiritual thought. His work offers a compelling narrative that transcends simple belief systems, presenting a pragmatic approach to understanding personal evolution through the lens of past lives and karmic consequences.

Chapter 1: Cayce's View on Reincarnation: A Journey of the Soul

Edgar Cayce's readings repeatedly emphasize the concept of reincarnation, not as a mere cyclical rebirth, but as a purposeful journey of soul evolution. He didn't simply state that we reincarnate; he provided intricate details about the process. He believed the soul, an entity distinct from the physical body, progresses through a series of lifetimes, learning and growing with each experience. These lifetimes are not random; they are structured, guided by a higher spiritual plan designed to foster growth and the ultimate reunification with the divine. Cayce frequently mentioned "soul groups," indicating that we often reincarnate alongside the same souls, creating recurring relationships and opportunities for mutual growth and learning across lifetimes. This concept adds another layer of complexity and intrigue to his understanding of reincarnation, suggesting a profound interconnectedness between individuals extending far beyond this current life. The purpose, according to Cayce, is not simply to experience, but to learn and evolve spiritually. Each life presents opportunities to develop specific character traits, address past karmic debts, and gradually move closer to spiritual enlightenment. This inherent purpose differentiates Cayce's perspective from more deterministic or cyclical interpretations of reincarnation.

Chapter 2: Karma in Cayce's Readings: The Law of Cause and Effect

Cayce's understanding of karma is intricately interwoven with his views on reincarnation. He viewed karma not as a system of punishment or reward, but as a natural law of cause and effect, governing the consequences of our actions across lifetimes. Every thought, word, and deed creates vibrations that impact our future experiences. Negative actions create karmic debts that may manifest as challenges or difficulties in subsequent lives, requiring resolution and lessons to be learned. Conversely, positive actions generate positive karma, paving the way for smoother paths and greater opportunities in future incarnations. Cayce didn't see karma as a fixed destiny, however. Instead, he emphasized the power of free will and the ability to modify karmic patterns through conscious choice and spiritual growth. This emphasizes personal responsibility and the opportunity for

transformation and liberation from potentially negative karmic cycles. This aspect of Cayce's teachings empowers individuals to take control of their lives and consciously shape their future by making positive choices in the present.

Chapter 3: Practical Applications of Cayce's Teachings: Living a Karmically Conscious Life

Understanding Cayce's perspective on reincarnation and karma is not merely an intellectual exercise; it's a powerful tool for personal transformation. By applying these principles to daily life, we can cultivate greater self-awareness, improve our relationships, and enhance our overall well-being. Self-reflection is key. By examining our current challenges and difficulties, we can begin to identify potential karmic patterns and lessons. This introspection enables us to understand the root causes of our struggles, providing a pathway towards resolution and growth. Furthermore, developing empathy and compassion for others becomes essential in understanding that everyone is on their own unique karmic journey. By fostering understanding and forgiveness, we can break free from negative karmic cycles and create a more positive future. Practicing meditation, prayer, and other spiritual disciplines can help us align ourselves with our higher selves and accelerate our spiritual growth. These practices are not simply religious rituals; they are tools for self-discovery and the conscious evolution of our souls.

Chapter 4: Case Studies from Cayce's Readings: Real-Life Examples of Karma and Reincarnation

Examining specific examples from Cayce's readings provides tangible illustrations of his concepts. Many readings describe past lives, revealing how past actions and relationships created karmic consequences in subsequent lives. These case studies showcase the complex interplay between past, present, and future, demonstrating how karmic lessons unfold throughout a soul's journey. Analyzing these narratives, we find recurrent themes, such as the importance of developing compassion, overcoming adversity, and utilizing our talents for the greater good. These examples are not meant to be literal historical accounts, but rather symbolic representations of karmic processes and the lessons they impart. Each case study offers insights into the intricate web of interconnectedness that links our lives together across lifetimes, providing a framework for understanding our own spiritual journeys.

Chapter 5: Integrating Cayce's Wisdom with Modern Spiritual Thought:

While Cayce's work predates much of modern spiritual understanding, his insights resonate powerfully with contemporary concepts. Comparing and contrasting his views with other spiritual traditions, like Buddhism and Hinduism, reveals remarkable parallels and variations. For instance, the concept of "soul groups" aligns with the Buddhist understanding of interconnectedness, while the emphasis on karmic resolution resonates with the Hindu concept of dharma. Exploring these connections provides a richer and more nuanced understanding of Cayce's work, placing it within the broader context of global spiritual traditions. This integrative approach demonstrates the enduring relevance of Cayce's wisdom and its contribution to modern spiritual understanding. Furthermore, by bridging the gap between Cayce's insights and contemporary research in fields like psychology and consciousness studies, we gain a more holistic perspective on the complexities of human experience.

Conclusion:

Edgar Cayce's readings offer a compelling and practical framework for understanding reincarnation and karma. His work moves beyond abstract concepts, providing tangible applications for personal growth and spiritual evolution. By integrating his insights with modern spiritual and scientific

thought, we can gain a deeper understanding of ourselves, our relationships, and our place in the universe. The journey of self-discovery is ongoing, and Cayce's legacy continues to illuminate the path towards greater self-awareness and spiritual enlightenment. His insights serve as a reminder that our current lives are not isolated events but integral parts of a larger, ongoing spiritual journey.

edgar cayce reincarnation and karma pdf: Edgar Cayce on Vibrations Kevin J. Todeschi, 2007-06 Science caught up with the psychic readings of Edgar Cayce when it proved that all of materiality - consisting of atoms and therefore protons, neutrons, and electrons - is energy in motion. Everything is a vibration. Even the body's five senses operate through the use of vibrations. The Cayce readings suggested that vibrations were also associated with healing, consciousness, and even locations. In fact, the Cayce information presents the premise that all of life in every dimension is actually just different manifestations of the One Force - the Force that moved all of Creation into being. Therefore, all vibration is ultimately that One Force manifesting in the material world in a variety of ways. Todeschi's latest title explores how everything from consciousness to the material is connected to vibration, and how we continue to create and shape our world through the vibrations all around us. Vibrations are essentially spirit in motion and our thoughts and actions affect our life and the way we are living.

edgar cayce reincarnation and karma pdf: Edgar Cayce on Mastering Your Spiritual Growth Kevin J. Todeschi, 2011-06-01 EDGAR CAYCE ON MASTERING YOUR SPIRITUAL GROWTH What if God were completely loving, the universe completely orderly, and everything that transpired in life a purposeful experience chosen at some level by the soul for spiritual growth and soul development? Such is the premise of Edgar Cayce on Mastering Your Spiritual Growth. Drawing upon contemporary examples as well as historical case studies of individuals who received psychic guidance from Edgar Cayce, this insightful volume examines the activities of soul growth and the process of personal transformation that will ultimately enable all individuals to transform themselves as well as society and the world at large. For countless ages, people have asked Who am I? Why am I here? And does my life have a purpose? The answers to these questions were explored by thousands of individuals who came to famed psychic Edgar Cayce, and they are answers that are just as applicable today. The ultimate truth is that we are spiritual beings having a physical experience living purposeful lives in a process of soul growth. The keys to that process are working with a personal spiritual intent or ideal, discovering our own approach to personal attunement, and repeatedly working with personal application. The Cayce information contends that it is the inevitable destiny of every soul is to become cognizant of its true relationship to the Creator, eventually achieving spiritual enlightenment in the process. This stage of enlightenment was described by Cayce as the Christ Consciousness and has been demonstrated by such individuals as Jesus. What if a new understanding of the nature of the soul and the purpose of life on earth could transform humankind? Such is the premise in the Cayce information.

If only modern 1 The Mind of Man, by Walter Bromberg, Harper and Brothers, New York, 1937. vii PREFACE science had such aids The clairvoyance of somnambulists became a fascinating game. But the fascinating game was not encouraged, either by the French Academy or by the medical profession, and it suffered the fate of other fads. A generation later Andrew Jackson Davis, the Poughkeepsie Seer, was practicing medical diagnosis by clairvoyance in America, but he re mained obscure and is not even mentioned in textbooks and histories of hypnotism. Hypnotism, in fact, will have nothing to do with clairvoyance it has renounced its own mother. Edgar Cayce practiced medical diagnosisby clairvoyance for. forty-three years. He left stenographic reports of 30,000 of these diagnoses to the Association for Research and En lightenment, Inc., along with hundreds of complete case reports, containing affidavits by the patients and reports by physicians. There are hundreds of people throughout the United States who will testify, at the drop of a hat, to die accuracy of his diagnoses and the efficacy of his suggestions for treatment. He did not use his ability except to prescribe for the sick and to give spiritual advice and vocational guidance when these were specifically requested. He never made any public demonstrations of his powers he was never on the stage he never sought any publicity he did not prophesy he did not seek wealth. Often his economic status was quite pre carious at best it never rose above modest security. During the period of the Cayce Hospital he was paid only seventy five dollars a week for his services. His unquestioned personal integrity, plus the excellent and voluminous records of his work and the long period that they covered, made him an ideal subject for scientific study. But scientists shunned him. He and his friends re gretted this it might have been more evidential if they, not I, had made this report. viii PREFACE I first met Edgar Cayce in 1927. At that time I made most of the preliminary notes and sketches for this book. Since then I have continually added to the material, enjoy ing the complete co-operation of the members of the Cayce family, and being accorded access to the files at all times. From June, 1939, to October, 1941, I was a guest in the house on Arctic Crescent, seeing and interviewing Mr. Cayce every day, and examiningmaterial from the files. I spent many summers at Virginia Beach, particularly those of 1929, 1930, and 1931. In addition to the members of the Cayce family I have had the good fortune to know intimately most of the other characters in the story. One of the first and most important contributors to my dossier was Mr. Cayces father, the late Leslie B. Cayce. Another was Carrie Salter House, who with her husband, the late Dr. House, and her son, Tommy, were invaluable aids and stanch friends through the years. I was not privileged to know Mr...

edgar cayce reincarnation and karma pdf: *Reincarnation in America* Lee Irwin, 2017-07-31
Reincarnation in America: An Esoteric History surveys the complex history of reincarnation theories across multiple fields of discourse in a pre-American context, ranging from early Greek traditions to Medieval Christian theories, Renaissance esotericism, and European Kabbalah, all of which had adherents that brought those theories to America. Rebirth theories are shown in all these groups to be highly complex and often disjunctive with mainstream religions even though members of conventional religions frequently affirm the possibility of rebirth. As a history of an idea, reincarnation theory is a current, vital belief pattern that cuts across a wide spectrum of social, cultural, and scientific domains in a long, complex history not reducible to any specific religious or theoretical explanation. This book is cross-disciplinary and multicultural, linking religious studies perspectives with science based research; it draws upon many distinct disciplines and avoids reduction of reincarnation to any specific theory. The underlying thesis is to demonstrate the complexity of reincarnation theories; what is unique is the historical overview and the gradual shift away from religious theories of rebirth to new theories that are therapeutic and trans-traditional.

edgar cayce reincarnation and karma pdf: *Psychic Sense* Edgar Cayce, 2006 Beyond our five senses lies a powerful, often unused sixth sense. In this book, America's greatest psychic, Edgar Cayce, teaches us how to awaken and apply our psychic sense in our daily lives: physically, mentally, and spiritually. Cayce's famous psychic discourses provide some of the best insights and tips for developing our latent psychic abilities. He explains how we can see beyond our limited eyes, ears, and other physical senses. Cayce describes how the sixth sense operates and how to understand its messages and imagery. He educates us on the ways of the psychic sense as well as how to make practical use of this sense in our lives, relationships, and careers. Book jacket.

edgar cayce reincarnation and karma pdf: *Rebirth as Doctrine and Experience* Francis Story, 2000-12-01 Francis Story's interest in cases of rebirth memories finally led him to assist Dr. Ian Stevenson in tracing, investigating, and studying such cases in Sri Lanka, Thailand, and India. The present book contains Story's essays on the theme of rebirth as well as case studies that he undertook in collaboration with Professor Stevenson, the foremost American investigator of reported rebirth memories. These case studies, which make fascinating reading, lend strong evidential support to the hypothesis of rebirth and thus help to illuminate the ultimate questions concerning human destiny after death.

edgar cayce reincarnation and karma pdf: *The Synchronicity Key* David Wilcock, 2014-07-29
Unlock the key to a universal life-force in this astonishing book from the New York Times bestselling author of *The Source Field Investigations* and *Awakening in the Dream*. The Source Field Investigations was a New York Times, Wall Street Journal, and USA Today bestseller that uncovered hidden science and lost prophecies to illuminate an entirely new understanding of our world today. Now, in *The Synchronicity Key*, David Wilcock embarks on an astonishing investigation into what lies beyond—finding proof that everything in our lives is not only connected, but it also influences everything else. Using history, astrology, and synchronicity theory among other concepts, Wilcock shows that there is hidden architecture within time, guiding individuals and nations through a system of enlightenment Joseph Campbell called the Hero's Journey. Historical events occur in shockingly precise, repeating cycles of time as a result. Once we understand and identify the hidden laws of this seemingly random "synchronicity," we are left with a remarkable blueprint of how best to lead our lives in this uncertain and confusing world.

Freemasonry.

edgar cayce reincarnation and karma pdf: *Past Life Dreamwork* Sabine Lucas, 2008-04-18
The first book to approach reincarnation from the perspective of dreams • Identifies soul bloodlines, the key to past life therapies • Combines the author's own experiences with case studies and dreamwork with empirical research • Reveals how the analyst and client are often karmically linked
In *Past Life Dreamwork*, Sabine Lucas examines "soul bloodlines"--character traits, talents, and life issues that are the common elements and circumstances of successive past lives. Found threaded through our dreams, these bloodlines reveal the forces manifesting in this life, and, taken together, they shape individuality as well as destiny within the reincarnation cycle. Though a wealth of past life related material regularly surfaces in dreams, until now dreamwork has been largely ignored as a therapy for successfully integrating past life experiences. Using the results of 27 years of personal and professional work, Lucas explains that past life memories help us work out karma on the macro level and trauma on a micro level. She distinguishes three types of past life dreams--classic, informative, and hybrid--and demonstrates how to distinguish these from other dreams. Her dramatic case studies illustrate the effectiveness of dream therapy in recognizing and integrating the resonant and recurrent circumstances and ethical dilemmas that are played out in the subconscious mind. These psychologically revealing stories bear witness to how individuals are made whole through the integration of common strands of forgotten or repressed past lives. Lucas shows that the integration of past lives enriches the conscious self and also promotes universal tolerance through an understanding of the patterns of our psychic soul inheritance.

edgar cayce reincarnation and karma pdf: *Astrology, Karma & Transformation* Stephen Arroyo, 2011-11-26 This widely praised and internationally acclaimed classic on the spiritual aspects of astrology, a continual best-seller since publication, has now been translated into more than 20 languages, including Chinese, Turkish, Russian, Serbian, & Romanian. It has been enthusiastically reviewed by Library Journal, Isabel Hickey, CAO Times, and dozens of others. Often ranked as my favorite astrology book in surveys, it is now, as it has always been, a profound book far ahead of its time that speaks to readers personally in a life-changing way.

edgar cayce reincarnation and karma pdf: *Karmic Astrology* Martin Schulman, 1977-02 One of the most radical and unorthodox interpretations of retrograde planets yet published. Disregarding the traditional good or bad explanation, the author gives instead a system which explains the three vibrational moods in which these planets may be expressed. Each planet is discussed thoroughly in all signs and houses. There is also an examination of the esoteric and karmic symbolism begun in his best selling *Karmic Astrology Volume I: The Moon's Nodes and Reincarnation*.

edgar cayce reincarnation and karma pdf: *Many Mansions* Gina Cerminara, 2006 Taking up from where she left off *Many Mansions*, the author pursues the philosophical aspects of reincarnation evidenced in the life readings of world-renowned psychic, Edgar Cayce, as well as data derived from experiments to determine whether human memory can be taken back to a period before birth. She touches on some of the people who have believed in reincarnation-among them, Plato, Virgil, Emerson, Whitman and Edison. The implications of reincarnation for art, psychology, and religion are considered. And she notes, in conclusion, the hope and promise reincarnation holds for our troubled world. This is an important, heartening book, as interesting and credible as it is inspiring. Lucid, concrete, consistent, it will help individuals understand themselves and their destiny. And to skeptics or believers, it offers a brave, fresh concept of the meaning of life. Book jacket.

edgar cayce reincarnation and karma pdf: Children's Past Lives Carol Bowman, 2012-02-01 Has your child lived before? In this fascinating, controversial, and groundbreaking book, Carol Bowman reveals overwhelming evidence of past life memories in children. Not only are such experiences real, they are far more common than most people realize. Bowman's extraordinary investigation was sparked when her young son, Chase, described his own past-life death on a Civil War battlefield—an account so accurate it was authenticated by an expert historian. Even more astonishing, Chase's chronic eczema and phobia of loud noises completely disappeared after he had the memory. Inspired by Chase's dramatic healing, Bowman compiled dozens of cases and wrote this comprehensive study to explain how very young children remember their past lives, spontaneously and naturally. In *Children's Past Lives*, she tells how to distinguish between a true past life memory and a fantasy, offers practical advice to parents on how to respond to a past life memory, and shows how to foster the spiritual and healing benefits of these experiences. Perhaps the most moving, convincing, and best-documented evidence yet for life after death, *Children's Past Lives* will stand alongside the classics of Betty J. Eadie, Raymond Moody, and Brian Weiss in its power to comfort, uplift, and transform our thinking about life after death.

edgar cayce reincarnation and karma pdf: Here and Hereafter Ruth Montgomery, 1995-03-01 Have you lived before? Will you live again? Fascinating new revelations about the experience of reincarnation from one of today's foremost psychic authorities. "A book that's hard to put down (in every sense) even though you muster up every skeptical argument."—Kirkus Reviews "The many readers of Ruth Montgomery will follow avidly her discussions of the doctrine of karma and rebirth . . . she cites innumerable instances that seem, to her, persuasive evidence that we are indeed caught up in successive reincarnations, and always meaningfully. Ruth Montgomery's sincerity, humility, and personal conviction are in evidence on every page, and readers of her *A Gift of Prophecy* and *A Search for the Truth* will not be let down."—Publishers Weekly "Sane, scholarly, well-documented."—Arthur Ford, Spiritual Frontiers Fellowship

potential. Our physical bodies exist within a larger body, a human energy field or aura, which is the vehicle through which we create our experience of reality, including health and illness. It is through this energy field that we have the power to heal ourselves. This energy body -- only recently verified by scientists, but long known to healers and mystics -- is the starting point of all illness. Here, our most powerful and profound human interactions take place, the precursor and healer of all physiological and emotional disturbances. Hands of Light is your guide to a new wholeness. It offers:

- A new paradigm for the human, in health, relationship, and disease
- An understanding of how the human energy field looks, functions, is disturbed, healed, and interacts with friends and lovers.
- Training in the ability to see and interpret auras
- Medically verified case studies of healing people from all walks of life with a variety of illnesses.
- Guidelines for healing the self and others.
- The author's personal and intriguing life adventure which gives us a model for growth, courage and possibilities for expanded consciousness

edgar cayce reincarnation and karma pdf: A Spiritual Approach to Astrology Myrna Lofthus, 2014-11-06 In A Spiritual Approach to Astrology, Myrna Lofthus strives to re-awaken the conscious mind to the intentions and meaning of this lifetime of which the higher self was aware before birth. Thus, she writes, you are made aware of what you wished to accomplish and in what areas of life you need the most work and understanding. Drawing upon the universal teachings of reincarnation as expressed in Edgar Cayce's work, Myrna Lofthus illuminates the karmic patterns reflected in the birth chart. Dozens of charts and illustrations help the reader to understand the astronomical and the theoretical foundations of the birth chart. The lengthy section on aspects not only explains their karmic meaning but includes interpretations of the 40° (nonagen or novile) and the 150° (quincunx) aspects, as well as aspects to the Moon's nodes, Part of Fortune, Ascendant, and Midheaven, all of which are rarely found in other books. This comprehensive guide places astrology within a spiritual context and makes it accessible to novice students with no prior knowledge of astrology as well as advanced students seeking specialized information on the subtler implications of astrological configurations. Myrna Lofthus, a lifelong student of world religions and philosophies, graduated Magna Cum Laude from Pacific Lutheran University. Strongly influenced in her search for truth by the philosophy of Edgar Cayce and by the astrological concepts of Isabel Hickey, Myrna Lofthus has come to view astrology as a way an individual can find the main purpose of this incarnation.

edgar cayce reincarnation and karma pdf: Edgar Cayce on the Mysterious Essenes John Van Auken, Ruben Miller, 2016-04-25 One of the most fascinating topics found in the readings of famed psychic Edgar Cayce (1877-1945) revealed the existence of a sacred sect called the Essenes. His information about the Essenes would later be confirmed by the discovery of the Dead Sea Scrolls two years after his death. Cayce's readings contained more than a description of who the Essenes were and their purpose in bringing the Christ into the earth, he gave us details about their lives and past lives! Many of these Essenes reincarnated during Cayce's time and received readings that revealed their souls—including their purposes then and now. What can we learn from these readings and the reincarnation of the Essenes? There is so much about our origin, our soul group, and the purpose for which we are here on earth today in this latest book that it is like having a manual for soul growth. Ideals, practices, and guiding principles held by these ancient ones are as valuable to us today as they were then.
